WORK EXPERIENCE

Full Stack Developer   Mar 2022 – present
VFD Tech Limited. • Lagos, Nigeria

- Led full-stack web development for various subsidiaries under VFD Group PLC, delivering software solutions that empowered the group's businesses.
- Designed and developed intuitive interfaces to enhance user experience.
- Engineered Restful APIs and microservices to support seamless integration and data exchange.
- Mentored junior developers and interns guiding them to sharpen their skills and be better.
- Collaborated effectively using Bitbucket, Jira, and Teams to optimize team productivity and project management.

Front-end Web Developer   Apr 2021 - Mar 2022
Miraton Matador Group • Lagos, Nigeria

- Developed and maintained the company's online banking application, ensuring seamless functionality and user experience.
- Implemented innovative user-facing features for MMG subsidiaries' web applications, enhancing usability and efficiency.
- Collaborated with UI/UX designers to ensure the technical feasibility of designs, resulting in visually appealing and functional interfaces.

Web Developer   Aug 2020 - Apr 2021
Cerebre Digital Limited • Lagos, Nigeria

- Developed full-stack applications using HTML5, CSS3/SASS, JavaScript, React, and Node.js to meet clients' requirements.
- Utilized MySQL and PostgreSQL for efficient database development, ensuring seamless integration with the software.
- Delivered high-quality software solutions aligned with clients' specifications and exceeded their expectations.

Software Engineer   Nov 2019 - Aug 2020
Stutern Limited • Lagos, Nigeria

- Full-stack software engineering.

Information Technology Instructor   Jan 2018 - Oct 2019
KingChuks College • Lagos, Nigeria

- Taught ICT to high school students.
- Organized technology learning programs for teachers and other non-academic staff

PROJECTS

Some of the projects I have built and contributed to include:

- **Herel Play**: A leisure services company application (https://herelplay.com).
- **Abbey Mortgage Bank**: Built for Abbey Mortgage Bank. The premier, largest mortgage bank in Nigeria for customers to use and access online banking services (https://corporate.abbeymortgagebank.com)
- **VBiz**: A corporate banking application specifically built for companies and corporate entities (https://business.vbank.ng)
- **Expense Portal:** An expense management application built for corporate entities to track their expenses, budget, approvals, and disbursement (https://expenseapp.vfdgroup.com)
